Aside from my editorial salary of about \$150 per month paid by the Omaha World-Herald and a mall amount derived from the legal profession, my income since my retirement rom Congress has been derived entirely from lectures before the Chautauqua Lyceum and lecture bureaus, which have usuady paid me a fixed sum, and from contributions made by the people of localities where I have spoken. In some instances have received nothing at all. In most cases I have received more than enough to pay traveling expenses. In only two inceeded \$100, and in those instances it was

about \$200 at one place and about \$300 at "The first platform on which I ran for Congress, in 1890, before I was known politically outside of my State, contained a free-coinage plank, and my Republican opponent that year was an advocate of free coin-age. In the campaign of 1892 I again ran on a free-coinage platform. In 1894 I again ran on a free-coinage platform, and my opponent for the Senate, Mr. Thurston, while sisted that he favored bimetallism. I wrote the free-coinage plank on which I ran in 1890 and the free-coinage planks in the Nebraska State platforms in 1891, 1894 and 1896, and tried to secure the adoption of free-coinage planks in the state platform in 1892 and 1893. I only mention this to show that my advocacy of free silver is not of a recent date. Having made this answer to Mr. Thurston's letter, I shall hereafter take no notice of individual or newspaper

comment on this subject. "If the Republican national committee will say officially that I have ever been employed to deliver speeches by any mine owner, a group of mine owners or by any association supported by mine owners am ready to make a statement showing in detail all money received by me for speech

Mr. Bryan's mail began to come in at this point to-day, and there was quite a bundle of it this morning when Mr. Bryan arose at a later hour than usual for him He found a great many of the letters to contain invitations from various cities to speak. He said: "This is the very reason why I don't want my route made known. I shall speak at as many places as possible and as often as the campaign committee desires me, but I cannot stop at every place." Syracuse, N. Y., is one of the cities that is urging Mr. Bryan to stop. Mayor Maguire wrote only yesterday urging that on the way cast Mr. Bryan stop and make an address. Several other large cities have sent urgent invitations to the candidate to speak within their borders. As yet, while a partial itinerary has been arranged, the complete list of places has not been selected. Mr. Bryan may decide later to ston way West next week if the campaign comonly coin. He says that in the speech he mittee thinks it will not detract from the Buffulo speech.

This viriage is striving to-day to regain its usual quietude. Two thousand people were here last night, and the hotel i remarked sagely this morning that "there ain't been so many people here since Martin Van Buren visited here," and this statement recalls what is an historical fact, that the only other presidential nominee that ever got so far in this part of the country or visited this particular spot was Martin Van Buren. Mr. and Mrs. Bryan, Mr. and Mrs. Per-

rine went to Spring Lake this afternoon

on a fishing expedition. Prior to the fish-

ing trip and while the party was away from the Perrine residence, there were numerous callers at the place, many of them from near-by places where there is a great desire to see and hear Mr. Bryan. The invitation to speak in Syracuse was further augmented to-day by a personal messenger arriving, who asked Mr. Bryan to make a stop there on his way West. It is highly probable that the majority of invitations to speak along the route to Erie. Pa., where Mr. Bryan addresses the Democratic clubs on Aug. 25, will be refused but it is also probable in view of late action that Mr. Bryan will make short speeches from the train at every large station. Mr. Bryan concluded not to give out his itinerary complete to-night for his Western trip. He will, however, leave here Tuesday afternoon for Erie, Pa. He may speak at Syracuse, but will not speak in

Buffalo until after he has spoken in Erie Mrs. Bryan was the only one of the fish-ing party who had luck. She caught two fine pickerel. The entire party, including correspondents, returned after moonlight to-night. To-morrow or Thursday Mr. Bryan will take a trip over the river into the Catskills. Mrs. Bryan is looking and feeling better already after the two days' trip and Mr. Bryan's voice was in prime
